

Please tell us about your success!

Do you have pediatric inter-facility transfer guidelines and agreements in place?

If so, please click the survey link included on your CD or visit the survey website listed to the right to tell us about your accomplishment.

If you do not yet have transfer guidelines and agreement in use at your facility, please feel free to reference the template guidelines provided on the resource CD. The goal of this federal project is to increase the number of hospitals who have transfer guidelines and agreements in place for patients of all ages, including children. After you have implemented the guidelines/agreements, you may visit the survey site to let us know.
