

Part-Time and Full-Time **Career Opportunities**

Critical Care Paramedics and Registered Nurses

Medical Express Ambulance Service, proudly committed to providing quality care and outstanding customer service, is actively seeking experienced paramedics, critical care paramedics and registered nurses to join our team, as we build a comprehensive advanced life support program providing critical care and specialty care transport services. This challenging position affords the ability to provide direct patient care during local and long-distant transports of critically ill or injured patients of varying etiologies, including those with multiple organ system failures. As an experienced clinician, you will serve as a team leader, a mentor and will help promote career development and clinical competence. Qualified providers will have the opportunity to work with the leadership team in developing this progressive and expanding program of services. In addition to competitive compensation, we offer a family-like work environment, flexible scheduling and a variety of professional development supports to both full-time and part-time/per-diem employees.
